CREATE A FORM

AIM : To create a form for taking the user inputs like medicine name, time, and date. Store all the details in the database.

STEP 1: connections of NODE-RED

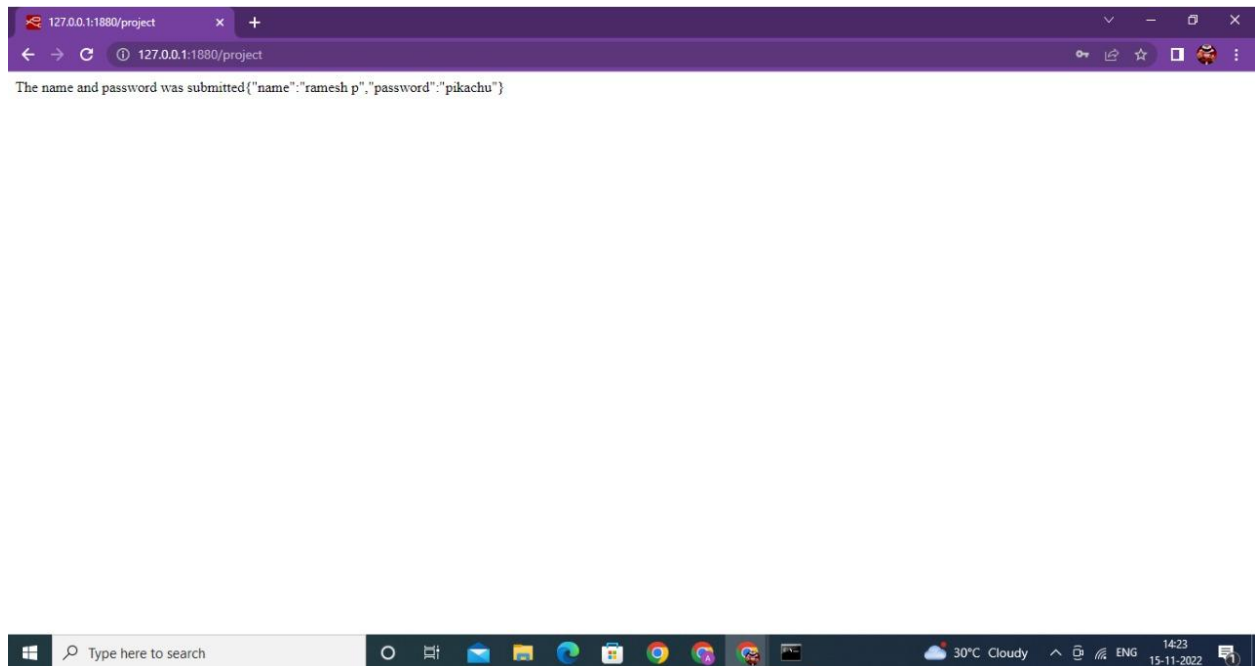

STEP 2: creating the form and entering login in credentials

The screenshot shows a web browser displaying a form titled "form". The form has the following elements:

- A blue header bar with the text "form".
- A label "name:" followed by a text input field containing the value "ramesh p".
- A label "password:" followed by a password input field containing masked characters "*****".
- Two buttons at the bottom: "submit" and "reset".

The browser's address bar shows the URL "127.0.0.1:1880/form". The Windows taskbar at the bottom indicates the system time is 14:22 on 15-11-2022.

STEP 3: Created the form successfully.

RESULT :

Successfully created a form for taking the user inputs like medicine name, time, and date. Store all the details in the database.
